Memo to File:

RE: Vipont Mines
ACT/003/005

On the afternoon of December 14, 1978, Mr. Thomas Miller visited the Division office and spoke to Cleon Feight and Mike Thompson. The November 8, 1978, memo was reviewed and Mr. Miller stated that he would send in Form MR-8 and comments to the above-mentioned memo within a week.

Mr. Miller was apprehensive about bonding and indicated that he may wish to talk to the Board.

The Board should be informed of the situation at the December 20, 1978, Executive Meeting. They may want to cancel the subpoena.

Mr. Miller also stated that the first adit is not abandoned as it is presently used for storage.
